in the united states homeownership is synonymous with economic security and middle class status it has played this role in american life for almost a century and as a result homeownership s centrality to americans economic lives has come to seem natural and inevitable but this state of affairs did not develop spontaneously or inexorably on the contrary it was the product of federal

government policies established during the 1930s and developed over the course of the twentieth century at the boundaries of homeownership traces how the government s role in this became submerged from public view and how several groups who were locked out of homeownership came to recognize and reveal the role of the government through organizing and activism these boundary groups transformed laws and private practices governing determinations of credit worthiness this book describes the important policy consequences of their achievements and the implications for how we understand american statebuilding
